Signs of a

DIPPER

Those white and red patches can turn to cancer.

Curtis Ansley lost part of his jaw, 3 teeth, the lining of his cheek, and 37 lymph nodes to chew.

Yes. that's his photo. You can see more on his hunting / fishing web site.* **Enjoy life. Don't dip.**

Chew also causes:

Mouth odor.

Tooth discoloration.

Increased tooth decay.

Receding gums.

Gum disease.
